STRUCTURE IN ACTION WORKSHOP

Presented by Pat Hastings

Date: Saturday, September 2, 2017
Time: 8am - 6pm
Price: \$85/person (includes lunch)
Location: 2101 Logan Street, Clearwater, Florida

Structure in Action is a one-day workshop. This workshop combines Pat Hasting's Puppy Puzzle Presentation with her discussion of the value of structurally evaluating adult dogs that are being considered for a breeding program, working trials or performance competition.

Dogs will do most anything we ask of them. The question is: Do we want to ask them to do things that they are structurally incapable of doing without breaking down? Is that what we really want to do to our most steadfast companions? The more we learn about canine structure, the more we understand what is reasonable to ask of our dogs, given their physical strengths and weaknesses.

Agenda:

- How to evaluate the structural quality of puppies.
- The basics of canine structure
- The weakest links.
- How to evaluate the structural quality of your adult dog.
- What your dog can do and should not be doing.
- Questions and hands-on work with 4-5 **invited** adult dogs. Demo dogs **MUST** be current on all vaccinations, including Canine Influenza. Please contact Susan@Silberkinder.com if you would like to volunteer your dog.
